WHY THE LEADINGRE “INGREDIENT BRAND” ENHANCES YOUR BRAND

INTRODUCTION: A BIG OPPORTUNITY

Your membership in Leading Real Estate Companies of the World® brings you valuable benefits: a world-class referral network, a listing advantage, innovative programs, unique events and connections to people and opportunities around the world.

These are things **you** value.

But what about home buyers and sellers? How can you translate the benefits of LeadingRE, in clear and compelling terms, to **them**?

We created this guide to make it easier for you to do just that.

Including LeadingRE in your consumer marketing in the right ways empowers you to tell a story of independence, quality and connections that enhances your own brand proposition and gives people new reasons to do business with your company.

The more our market-leading companies incorporate the LeadingRE “ingredient brand” (think “Intel Inside”), the more consumer recognition it will have, and the more powerful your affiliation will become with both consumers and sales associates.

**That’s a big opportunity.
Let’s seize it, together.**

THE LEADINGRE CONSUMER STORY

All good marketing is rooted in a strong story. A strong story creates connections for people—to opportunities, to benefits, to emotions—that guide their actions. A compelling story explains why a consumer should *care* about your brand.

Getting the LeadingRE consumer story straight is our first order of business. It’s the foundation upon which everything else follows.

There are three “pillars” of the LeadingRE brand that we know resonate with consumers.

QUALITY: Membership in Leading Real Estate Companies of the World® is awarded only to select, market-leading companies that have demonstrated excellence in service delivery and results.

CONNECTIONS: Even though real estate is local, homeowners can transact in multiple locations, so you are able to offer the best of both worlds. Through your affiliation with Leading Real Estate Companies of the World®, you are both local and global.

INDEPENDENCE: Real estate is local, so your independent ownership and distinctive culture are well-aligned with market-specific needs and services.

A WORD ABOUT STANDARDS

The better you treat the Leading Real Estate Companies of the World® brand, the more powerfully it will support *your* brand.

It’s that simple. Brand standards matter. All LeadingRE members have a stake in portraying the LeadingRE brand as faithfully as possible. We care for this brand together.

The LeadingRE brands and logos, and related program logos may not be used on contracts or other legal documents between the member and other parties, as the membership agreement clearly states that the relationship is one of an affiliate and not an agent, franchisee or partner of the network, with no responsibility for the member’s legal agreements.

2.03 From Member Agreement Relationship. The Affiliate is an independent contractor of the Network and is not an employee, agent, franchisee or partner of the Network or any other Network member by virtue of its status as an Affiliate of the Network. The Affiliate is and shall remain liable for its dealings with its customers or clients, including those referred to the Affiliate, and the Affiliate shall indemnify and hold harmless the Network, and other Network members against and from any and all claims of such customers or clients arising from such dealings.

LOGO ELEMENTS

LOGO VERSIONS

The LeadingRE logo is a wordmark (or logotype)—a uniquely styled typographical treatment of the Leading Real Estate Companies of the World® company name. The LeadingRE logo is a singular piece of artwork and must not be re-created, reassembled, or otherwise altered.

There is one primary LeadingRE logo version: Horizontal. **However, the Extreme Horizontal version may be used for yard signs and yard sign riders only.** See sign rider usage on page 25 and yard sign integration on page 27.

The LeadingRE logo can only be used in original colors, at sizes no smaller than its minimum size and with the specified clear space.

Always use the logo files with the trademark appropriate for your country which is specified on page 7. It is a good practice to always use the original logo suite files.

Extreme Horizontal Version (Only to be used for sign riders and yard signs)

LOGO TRADEMARK USE

In the USA, the LeadingRE logo is Registered in the U.S. Patent and Trademark Office and should always be used with the ® symbol. For use in countries other than the USA, the LeadingRE logo should always be used with a TM symbol.

Never alter the position of the ® or TM symbol. Always use the original logo files.

In order to ensure that the ® and TM symbols are legible in all applications, there are two variations of each logo—the only difference being the size of the ® or the TM.

One variation includes a smaller ® or TM—this is to be used in the majority of applications. The other variation includes a larger ® or TM—this is to be used when reducing the logo to the following sizes:

- Horizontal—2.5" width or smaller
- Extreme horizontal—3" width or smaller

USA

- The ® symbol for use in the USA
The position of the symbol should never be altered

Countries other than the USA

- Use the TM symbol in countries other than the USA

LOGO TAGLINE VERSION

LeadingRE has trademarked the phrases “I’M LOCAL I’M GLOBAL” and “WE’RE LOCAL WE’RE GLOBAL” for individual agent and company-wide use, respectively. Versions of the logo tagline are shown here. If used with the LeadingRE logo, the tagline should be in proportion as shown.

In the USA, the I’M LOCAL I’M GLOBAL® and WE’RE LOCAL WE’RE GLOBAL® taglines are Registered in the U.S. Patent and Trademark Office and should always be used with the ® symbol.

For use in countries other than the USA, the I’M LOCAL I’M GLOBAL™ and WE’RE LOCAL WE’RE GLOBAL™ taglines should always be used with a TM symbol.

LOGO CLEAR SPACE

To preserve the integrity of the LeadingRE logo, it should always be surrounded by a generous clear space.

At minimum, the space should be equal to the height of the letter “L” of the logo. This applies to all logo versions: Horizontal and Extreme Horizontal.

The clear space can of course be larger.

The clear space is relative to the size of the logo, so it should be assessed each time the size of the logo changes.

Some applications have a specific clear space—please refer to the Applications section of this guide on pages 19-27.

Logo Clear Space

Clear space of the logo is the height of the letter “L” in “Leading,” so the clear space is relative to the size of the logo. The same approach applies to the Extreme Horizontal version.

LOGO MINIMUM SIZE

To preserve the integrity of the LeadingRE logo, it should never be applied in sizes smaller than the minimum size.

HORIZONTAL VERSION

Minimum size is calculated based on the width of the logo—for the Horizontal version the minimum size is 1.1" width.

When resizing the LeadingRE logo, always remember not to distort the logo (constrain proportions for the logo's width and height).

Some applications have a specific minimum size for the Horizontal version—please refer to the Applications section of this guide.

EXTREME HORIZONTAL VERSION

The Extreme Horizontal version is only to be used for signage. Please refer to page 25 for sign rider examples and page 27 for yard sign examples.

SIZING THE LOGO

When placing the LeadingRE logo near any other affiliation or partner logo, it should be sized to have an equal visual presence.

Logos come in different proportions—square, round, horizontal or vertical. To achieve an equal visual presence for all logos in a given group, they should be sized optically—have a similar visual footprint.

The logos should never be sized to the same height or width—that results in some logos being much too small in comparison.

When arranging multiple logos, it's a good practice to choose a method of organizing them—placing all logos on the same baseline or optically (not mathematically) centering.

When resizing the LeadingRE logo, always remember to constrain proportions for the logo's width and height.

For more details on sizing the Luxury Portfolio logos, please refer to the Luxury Portfolio brand guide. Luxury Portfolio logos can only be used by Luxury Portfolio members.

LOGO MISUSE

Here are just a few examples of incorrect logo treatments, which will, over time, deteriorate the LeadingRE brand. These treatments are NEVER permitted.

To avoid logos being altered, re-created or distorted please remember to always use the original logo suite files. This applies to all logo versions—Horizontal and Extreme Horizontal—in all colors.

CO-BRANDING

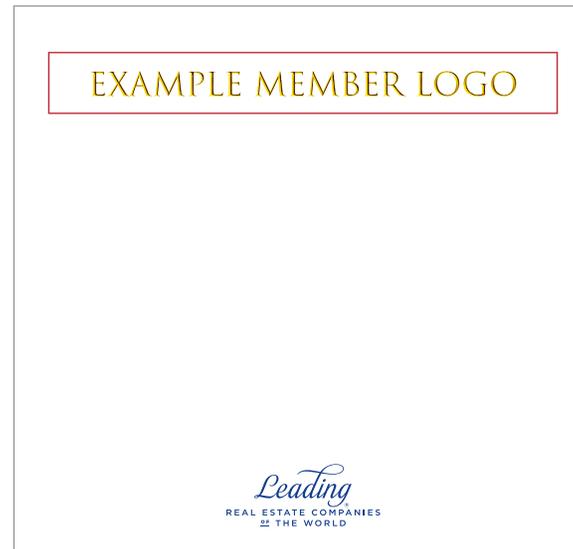

LEADINGRE ENDORSEMENT

To create a mutually beneficial relationship and to protect the integrity of the member brand as well as the LeadingRE brand, our brand relationship should be clearly communicated to our customers when using the two logos together (co-branding).

Membership in LeadingRE is an endorsement, and the goal is to make the member identity and logo more prominent. The LeadingRE logo should be clearly visible, but secondary to the member logo.

To ensure clear representation and show the member as the broker of record, and LeadingRE as an affiliation, the LeadingRE logo should never be larger than 75% of the member logo size.

Approved Brand Hierarchy

Brand hierarchy is clearly communicated. The LeadingRE logo is smaller than the member logo and placed lower on the page

Endorsement Size Relationship

The LeadingRE logo is scaled to 75% of the member logo size

APPLICATION

To clearly communicate the relationship between our brands, create a correct brand hierarchy when applying the LeadingRE logo to the member's materials.

Whether it's stationery, print collateral, website or signage—the LeadingRE and member logos should not be grouped as one logo, to be clear that your company is a separate entity from LeadingRE.

The LeadingRE logo and the member logo should be clearly separated, and graphic elements (e.g. background color) can be employed to achieve that.

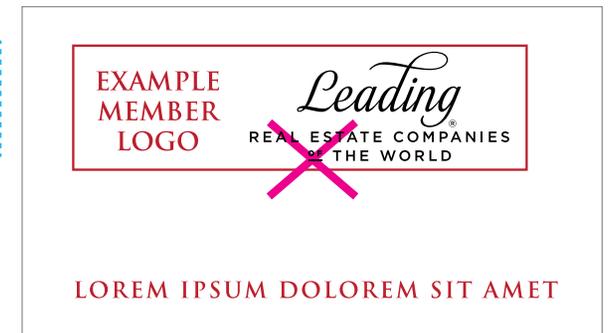

To ensure clear representation and show the member as the broker of record, and LeadingRE as an affiliation, the LeadingRE logo should never be larger than 75% of the member logo size.

Correct Business Card Example

The member and LeadingRE logos are placed at opposite sides of the application, and the LeadingRE logo is smaller than the member logo. It is clear who the communication is coming from.

Incorrect Business Card Example

The LeadingRE logo is larger than the member logo and grouped as one logo. The relationship between the logos is unclear. The audience is confused by who is sending the communication.

SAMPLE APPLICATIONS

The placement, sizing and color of the LeadingRE logo should fit the member's identity design, but also follow the guidelines established in the Logo Elements section of this guide.

BUSINESS CARD

To create correct brand hierarchy when applying the LeadingRE logo to the member’s business card, it should be clearly separated from the member logo.

Recommended placement for the LeadingRE logo:

- a “gallery,” placed in a group with other logos
- on the opposite side of the business card (if the member logo is on the front, the LeadingRE logo is placed on the back)
- on the opposite edge of the business card, (if the member logo is on the left edge, the LeadingRE logo is placed on the right edge)

A business card is the smallest member application and has its own minimum size of 0.85” width.

IMPLEMENTING THE BRAND

Leading[®]
REAL ESTATE COMPANIES
OF THE WORLD

THE THREE PILLARS: QUALITY, CONNECTIONS, INDEPENDENCE

There are three “pillars” of the LeadingRE brand that we know resonate with consumers. This guide will show you how to leverage them to benefit your own brand.

HERE IS THE STORY BEHIND EACH PILLAR.

PILLAR #1: QUALITY

Brand Goal: To position your company as the standard for quality in your market.

Brand Story: Real estate is an industry with over two million licensees and 100,000 brokerages characterized by wildly inconsistent service delivery and customer experience. Yet membership in Leading Real Estate Companies of the World® is awarded only to select, market-leading companies that have demonstrated excellence in service delivery and results. 80% of companies that apply for membership in LeadingRE are turned away. Your claim to quality is backed by this discriminating third-party endorsement.

PILLAR #2: CONNECTIONS

Brand Goal: To attract buyers and sellers with your national and international reach.

Brand Story: Even though real estate is local, homeowners can transact in multiple locations. You offer them the best of both worlds. You have trusted LeadingRE colleagues in over 70 countries, so your company is able to reach a broader pool of prospective buyers than any other network. And when your clients purchase property in another location across the country or around the world, they benefit from your connections to high-quality real estate professionals, allowing clients to transact with comfort and confidence. LeadingRE’s community of 550 vetted real estate firms with 4,700 offices worldwide from Hong Kong and Sydney to London and Buenos Aires gives you the power to be both local and global.

PILLAR #3: INDEPENDENCE

Brand Goal: To use independence to position your company favorably against franchises in your market.

Brand story: Your independent ownership and distinctive local culture are well-aligned with market-specific needs and services. You bring an authentic “Main Street” perspective to real estate that many of the “Big Box” franchised brands traded on Wall Street cannot claim. Your services are distinctive, extensive, and tailored to the client. And because your brand is rooted in the communities in which your clients live, you possess deep local knowledge that will help clients make smarter, better informed real estate decisions.

EXECUTING THE BRAND STORY

Translating your LeadingRE membership into benefits consumers understand is the key to using your LeadingRE advantage to grow your own brand. It is much more powerful than simply placing the LeadingRE logo on your website, marketing materials or company listing presentation.

So how do you make this happen? In bringing this strategy to life, execution is everything. It takes consistency and clarity in messaging. Weaving the three LeadingRE pillars through your own brand story is the way to do this.

The following pages provide variations of LeadingRE language you can use in your brand materials—website home page, interior web pages, collateral, advertising, recruiting promotions and direct mail. These “building blocks” should make it easier for you to blend the LeadingRE pillars into your own brand story regardless of application.

PLEASE NOTE: The copy on the following pages includes the ® symbol. In the USA, the LeadingRE logo is Registered in the U.S. Patent and Trademark Office and should always be used with the ® symbol. For use in countries other than the USA, the LeadingRE logo should always be used with a TM symbol.

MID-LENGTH COPY FOR INTERIOR WEB PAGES, ADS OR OTHER PROMOTIONAL MATERIAL

We recommend that you feature the LeadingRE logo on your website home page with reasonable prominence and that you incorporate LeadingRE in your brokerage “about us” text.
